DEDICATED TO SUCCESSFUL ENERGY MARKETS

The PJM Power Providers Group (P3 Group) is a non-profit organization made up of power providers whose mission it is to promote properly designed and well-functioning competitive wholesale electricity markets in the 13-state region and the District of Columbia served by PJM Interconnection.

Combined, P3 members own more than 75,000 megawatts of power in PJM and over 51,000 miles of transmission lines, and serve nearly 12.2 million customers and employ over 55,000 people.

The power providers work with state and federal policymakers and other stakeholders, including PJM and the Organization of PJM States, to advance the group's mission. Members of the PJM Power Providers Group include:

- [Connectiv Energy](#)
- [Constellation Energy Group](#)
- [DPL Energy](#)
- [Edison Mission Energy](#)
- [Exelon](#)
- [International Power America](#)
- [Mirant Energy Trading, LLC](#)
- [NextEra Energy Resources, LLC](#)
- [NRG Energy](#)
- [PPL](#)
- [PSEG Energy Resources and Trade LLC](#)

P3 supports:

- Transparent price signals to and from consumers so that they may be the ultimate drivers of the competitive market.
- Effective and independent market monitoring consistent with well-defined rules to identify and prevent market power abuse or gaming to promote confidence among state regulators and market participants.
- Policies that support effective scarcity pricing mechanisms which would allow generation, transmission and demand response to compete on equal footing.
- Capacity markets as a tool to encourage long term capital investments in existing as well as new generation resources.
- Real opportunities for consumers to participate in the market through demand response, energy efficiency and other consumer-driven programs.
- Stable state and regional retail policies, such as default procurement auctions, that leverage the benefits of wholesale competition.
- The development and promotion of renewable and alternative energy generation within the framework of a competitive market.
- The continuous improvement of "seams" issues both with regions surrounding PJM.
- A common set of environmental standards (air and water) throughout the PJM footprint that take into consideration reliability and price.

"P3 members serve more than 12 million customers in the PJM region. They are committed to providing a reliable and competitively priced supply of power to consumers. Competitive wholesale markets will ultimately benefit the entire PJM region."— Glen Thomas, P3 Group President

LEADING THE CHANGING MARKETPLACE

The PJM Power Providers (P3 Group) believes that well-functioning competitive wholesale electricity markets are the most effective means of ensuring a reliable supply of power to the 13 Mid-Atlantic and Midwestern states and the District of Columbia in the PJM service territory. Through its President Glen Thomas, P3 has provided expert testimony, conducted ground-breaking research studies and been an advocate for consumer-benefiting markets.

P3 Opposes Re-regulation of Maryland Electricity Generation Market – March 3, 2009

PJM Power Provides (P3) Group President Glen Thomas testified before the Maryland State Senate Finance Committee opposing re-regulation of the Maryland electricity market. [MORE](#)

P3 Stresses Value of Regional Transmission Organizations to Public Utilities Commission of Ohio – May 21, 2009

In comments filed before the Public Utility Commission of Ohio (PUCO), the P3 Power Group stressed the value of regional transmission organizations, particularly the PJM Interconnection. [MORE](#)

P3 Calls on PJM Board Not to Restore Incentive Payment for Economic Demand Response – June 19, 2009

In a letter to the PJM Board, P3 suggested restoring incentive payments for Economic Demand Response was no longer necessary to incent the development of demand response. [MORE](#)

In FERC 719 Proceeding, P3 Supports PJM's Request for a Limited Extension of its Stakeholder Process to Create a Formal Scarcity Pricing Proposal— June 26, 2009

P3 advocated to FERC that the most meaningful integration of demand response resources will occur given accurate and transparent price signals, using an agreed-upon operating reserve demand curve. [MORE](#)

P3 Stresses Effectiveness of RPM in Comments to New Jersey BPU Regarding BGS – Sept. 25, 2009

In comments to New Jersey BPU regarding BGS, P3 addressed the effectiveness of PJM's Reliability Pricing Model and supported the existing Basic Generation Service process. [MORE](#)

P3 Files Answer at FERC to Demand Response Suppliers in PJM DR Subsidy Proceeding – Oct. 30, 2009

P3 opposed paying demand resources a subsidy higher than all other resources because such payments would create unequal treatment for demand resources. In fact, the disparity results in preferential treatment for demand resources which leads to inefficient market results. [MORE](#)

P3 is a non-profit organization that supports the development of properly designed and well functioning markets in the PJM region. PJM is a regional transmission organization that manages the supply and movement of power in 13 states and the District of Columbia. Combined, P3 members own more than 75,000 megawatts of power and over 51,000 miles of transmission lines in the PJM region, serve nearly 12.2 million customers and employ over 55,000 people in the 13-state PJM region and the District of Columbia.

A LOOK AT GLEN THOMAS

Glen Thomas is president of PJM Power Providers Group (P3 Group), a non-profit organization made up of power providers with the mission of promoting competitive wholesale electricity markets in the 13-state region and the District of Columbia served by PJM Interconnection.

A recognized thought leader in his field, Mr. Thomas is frequently called upon by members of the media to offer his analysis of current issues.

Mr. Thomas is the former chairman of the Pennsylvania Utility Commission (PUC) where he oversaw the restructuring of Pennsylvania's electricity, natural gas, and local telephone markets. Before his appointment to the PUC, Mr. Thomas served as Deputy Director of Governor Ridge's Policy Office, where he advised the Governor on energy and environmental issues. In addition, Mr. Thomas was appointed by California Governor Arnold Schwarzenegger to serve on the Governor's transition team for energy related issues in 2003. Mr. Thomas is also a former partner at the law firm of Blank Rome.

Mr. Thomas has served as President of the Mid-Atlantic Association of Regulatory Utilities Commissioners; Chairman of the National Association of Regulatory Utility Commissioners Washington Action Committee; member of the U.S. Department of Energy's Electricity Advisory Board; the National Regulatory Research Institute's Board of Directors; the Keystone Center Energy Board; the Organization of MISO States Board of Directors; and the National Association of Regulatory Utility Commissioners Committee on International Relations, Telecommunications and Critical Infrastructure.

P3 is a non-profit organization that supports the development of properly designed and well functioning markets in the PJM region. PJM is a regional transmission organization that manages the supply and movement of power in 13 states and the District of Columbia.
