

DEDICATED TO SUCCESSFUL ENERGY MARKETS

The PJM Power Providers Group (P3 Group) is a non-profit organization made up of power providers whose mission it is to promote properly designed and well-functioning competitive wholesale electricity markets in the 13-state region and the District of Columbia served by PJM Interconnection.

Combined, P3 members own more than 84,000 megawatts of generation assets in PJM, produce enough power to supply over 20 million homes and employ over 40,000 people.

The power providers work with state and federal policymakers and other stakeholders, including PJM and the Organization of PJM States, to advance the group's mission. Members of the PJM Power Providers Group include:

- [Calpine Corporation](#)
- [Cogentrix](#)
- [Competitive Power Ventures](#)
- [Dynergy](#)
- [Eastern Generation, LLC](#)
- [Exelon](#)
- [Homer City Generation, L.P.](#)
- [NRG Energy](#)
- [Talen Energy](#)

P3 supports:

- Transparent price signals to and from consumers so that they may be the ultimate drivers of the competitive market.
- Effective and independent market monitoring consistent with well-defined rules to identify and prevent market power abuse or gaming to promote confidence among state regulators and market participants.
- Policies that support effective scarcity pricing mechanisms which would allow generation, transmission and demand response to compete on equal footing.
- Capacity markets as a tool to encourage long term capital investments in existing as well as new generation resources.
- Stable state and regional retail policies, such as default procurement auctions, that leverage the benefits of wholesale competition.
- The development and promotion of renewable and alternative energy generation within the framework of a competitive market.
- The continuous improvement of "seams" issues both with regions surrounding PJM.
- A common set of environmental standards (air and water) throughout the PJM footprint that take into consideration reliability and price.

"P3 members produce enough power to supply over 20 million homes. They are committed to providing a reliable and competitively priced supply of power to consumers. Competitive wholesale markets will ultimately benefit the entire PJM region." – Glen Thomas, P3 Group President
